LIONS AND SAFE MILK

Little Miss Norma Jane Bless was entertaining the Lions with sprightly dance when the reporter entered the den. Jack Muennink was at the piano. The Lions enjoyed the entertainment.

Attention was called to the model dairy just put into operation by Dr. Smith. The milk is handled in a sanitary manner from the time it leaves the cow until it is sealed in sterile bottles. The cows are washed before milking. The milker washes his hands before milking each cow. The milk buckets are sterilized. The milk is immediately cooled by an aerator to thirty-eight degrees, thus preventing the activity of bacteria. The bottles and all utensils are washed with hot soapy water and then sterilized in an air-tight concrete compartment by means of live steam. The whole dairy and the manner of conducting it comply with the requirements of the state health department for grade A milk. Dr. Smith extends an invitation to any one interested in the production of sanitary, safe milk to inspect his plant. The Lions are of the opinion that Dr. Smith is rendering our community a distinct service by erecting and maintaining this dairy plant. Milk is the most perfect food obtainable for man, but it is a dangerous germ and disease carrier unless properly handled—as pointed out by Dr. Meyer during the discussion.

KILLS A BUCK

Edgar Rieber came in Sunday with a fine buck that he shot while hunting on the Aug. Vollmering ranch above New Braunfels. Three bucks had been bagged the first three days by a party of three.

Mr. Rieber reports deer plentiful and says that if everyone would protect the female deer as Mr. Vollmering does, deer would be more plentiful still. Mr. Rieber has our thanks for a nice mess of venison, as delicious as any we have ever eaten.

DEVINE NEWSLETS.

From The Devine News.

SHOOTING AT NATALIA SATURDAY NIGHT

A shooting occurred in the Mexican town, after the dance had closed at midnight, Saturday. Officers were called and it was found that Ventura Reyes had been shot twice in the shoulder, and his nephew, Cecelia Ventura had been shot below the groin, in a leg. Victor Perez surrendered to Deputy Sheriff Lan Crawford, and was placed in jail in Devine the two wounded men were taken to a hospital in San Antonio. A preliminary hearing was had at Devine, early Monday, County Attorney Haass being present; and not being able to hear conditions of the wounded men, or know how serious it might be, Perez was sent to jail at Hondo to await developments and further investigation.

We regret to note that Mrs. Kate Burgin, postmaster and News correspondent at Yancey, has been compelled to spend several days in San Antonio for special treatment. She hopes to return home this week, her friends will be glad to see her.

The News had an explosion in the casting room, early Monday, blowing up a small gasoline heating tank. The fire only damaged the tank and connections, delaying our picture making a day.

Commissioner J. W. Roberson and others from Devine attended the funeral of Commissioner Tondre in Castroville, Wednesday, at 9 a. m. He was a brother to Mrs. Leslie Howard, Mrs. Fritz Muennink, and had a brother who is county commissioner from the D'Hanis precinct. Mr. Tondre had served about 14 yrs. and was very popular, as a man and an officer.

SCOUT TROOPS URGED TO PREPARE AND PLAN FOR CHRISTMAS GOOD TURN

A Scout in repeating the Scout Oath and Law, promised on his honor to "help other people, to do good turns, etc." At no time should the spirit of Scouting prevail more than at Christmas time, nor will it be more appreciated. There has been established a national custom even an international custom, that every troop plan and carry out at least one "troop good turn" in the community. Some folks are heard to remark occasionally that Scouts do all the "receiving." Let's change even those few opinions, Fellows.

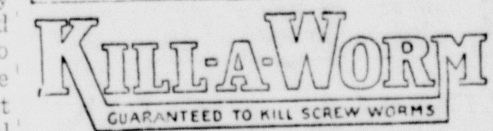

One good way in which to do a good turn is to co-operate with the Firemen, (if there is a paid fire department in your community,) by collecting broken toys to be repaired and repainted for those children who may not be so fortunate as to receive toys at Christmas. We are sure, that if a committee from the troop will go to the Fire Station, those fellows will gladly offer their little shops and time to the cause.

Also a troop can collect pine boxes and kindling and plan a surprise for some old couple, by filling the wood shed with nicely cut and stacked

kindling.
Surprise the officials of the churches in your community by cleaning up the church yards. Repair and paint up broken church furniture. In other words, Scouts, let's render some unselfish service. Who is going to send in plans for a troop good turn to Scout Headquarters first.
Las Moras Troop No. 14 at Brackettville had a Court of Honor Saturday night of last week in which one new Scout was received into the troop, two were made First Class Scouts, one was made a Star Scout, and 20 Merit Badges were awarded to seven Scouts.
Eagle Pass Troop No. 7 awarded two Eagle Badges to Scouts David Hume and Lennox Fitch, and Raynor Buckley made application to the National Court of Honor for Eagle Scout rank, besides many honors being awarded to other members of the troop.
The Scout Executive has conducted a Scout Leaders Training Course at Brackettville, in which some twenty-four men were enrolled, the interest growing each succeeding evening.

OWLS DEFEAT DEVINE

From The Owl.
Friday evening, November 14, at 3:30, the Hondo Owls met the Devine Warhorses on the Owl field, which was just about as muddy as it could possibly be. When the Owls came out on the field they were all barefooted and this gave them a noticeable advantage over the Devine players. As the game progressed the Devine players noticed that the Owls were much faster due to the fact that they were barefooted, and one by one the Warhorses took off their shoes, and at the beginning of the third quarter both teams were barefooted. The first touchdown was made in the first part of the game when Pichot blocked a punt on Devine's

15-yard line and Jones picked it up and galloped across the goal line for the initial six points of the game. The next score came when Wilson threw a pass over the goal line to Jones, who was waiting for it, again the try for extra point failed. The first string came into the game and when Devine punted to the 50-yard line, Finger caught it and ran around the whole Devine team for another touchdown. The next touchdown came when Finger threw a long pass to Haegelin, who was completely blocked but by some means caught the ball. Taylor plunged the line for extra point. Finger got away with one of Devine's punts and this time ran 45 yards for a touchdown and extra point was added when Leinweber plunged the line. Finger again completed a long pass to Haegelin and after he caught it ran 40 yards

and touchdown. Taylor made a point on a line plunge. The long run of the game was made by Haegelin when he caught a punt on the 20-yard line and ran the distance of the field for a touchdown. Again Taylor made the extra point by another line plunge. Leinweber made the extra point by another line plunge. The only touchdown Devine made was by Sollock, ran 40 yards with a punt. They made the extra point. Final score Hondo 53; Devine 7.

Many of the second string played three and four quarters of game and many of them showed well on both the offense and defense. First downs: Hondo 11; Devine 7. Penalties: Hondo 50 yards; Devine 10 yards.

AN TO SELL MILLION CHEVROLETS

Chevrolet will build and sell a million cars in 1931, according to Joe Dillon, Hondo Chevrolet dealer, who returned from San Antonio, where yesterday with 350 dealers in this area he attended the Chevrolet Motor Company's sixtieth anniversary celebration. On this basis, Mr. Dillon declared Chevrolet sales in this section would be more than 25 per cent greater than in 1930.

Mr. Dillon's statement was based on studies of current conditions and forecasts of the future made by the Chevrolet Motor Company and announced at the San Antonio Zone Dealer Meeting by M. D. Douglas, Parts and Service Manager of the Company, who directed the meeting.

"The studies and surveys show that business is improving and 1931 promises to be one of the best years we ever had," Mr. Dillon said.

"Business is coming back, slowly but inevitably. Money is plentiful at cheap rates. Savings deposits are ahead of last year. Inventories in all lines are at rock bottom and mills, factories and wholesalers report orders in increasing volumes."

"As for Chevrolet, our company is one of the most stable in the industry. We have 400 more dealers

than we had a year ago. We are better situated than ever before. Our used car stocks are at bottom. In the first ten months this year our organization sold 1,100,000 used cars, an all-time record. Our new car stocks are equally low. Our 1931 models are larger and the finest and cheapest in Chevrolet history. They are coming out nearly two months in advance of the customary time. Our dealers are that much better prepared for the late winter and spring rush of business. There is a normal replacement market of 3,000,000 cars in America. That plus the deferred buying that will show up in 1931 promises an excellent year. The first of the year will witness a pronounced improvement. Next year should rank with the best years in automobile selling."

Mr. Dillon reported greater enthusiasm among dealers of this area who attended the San Antonio meeting over next year's prospects and particularly the new car than featured previous similar meetings. Central office executives who took part in the meeting with Mr. M. D. Douglas, were C. A. Moore, parts and service division, J. E. Johnson, manager dealer finance, Sidney Corbett, manager truck sales division, J. H. McMahon of General Motors Acceptance Corporation and L. L. Linehan of General Motors, also Felix Doran,

Southwest Regional Manager, and W. E. Cobeen Zone Manager of the San Antonio Zone.

Services were conducted at the home, her pastor officiated assisted by Rev. Haaskarl, pastor of Quihi Lutheran Church.

A vacant place in the home, church, and community, but heaven is richer by her presence.

Forty years and one month she shared joy and sorrow with her now bereaved husband, Bro. Emil Woerner.

To the husband and relatives a heart filled sympathy is extended by the community.

IVERS MADE MANAGER OF GAS SYSTEM

W. F. Ivers, who for many years has been engaged in public utility work, has been appointed manager of the New Braunfels Division of the United Gas System and has arrived to take over his new assignment.

Mr. Ivers was stationed at Wichita Falls, Texas, for several years prior to 1926, during which time he operated in this location and the several surrounding towns. For the past five years he has been connected with the Dallas Power and Light Company, serving in positions relating to the promotion and sales of utility service and merchandising. He also has been an untiring civic worker with various Dallas groups and organizations including Kiwanis Club, Chamber of Commerce and Boy Scouts of America. When he left Dallas Mr. Ivers had been delegated as one of the ten division colonels of the city's Community Chest Campaign, an organization he had served actively for several years.

The territory which come under the jurisdiction of Mr. Ivers in his new affiliation with the United Gas System covers gas distribution and merchandise sales of Southern Gas Utilities, Inc. and the Southwest Distributing Company—both United Gas System units in this section.

The Southern Gas Utilities, Inc. serves New Braunfels, Hondo, San Marcos, Seguin, Converse, Shertz, D'Hanis, LaCoste and MacDona, while the Southwest Distributing Company serves Kenedy, Yorktown, Nordheim, Runge, Karnes City, Falls City, Poth, Floresville, and the recently acquired Pleasanton and North Pleasanton gas distribution system.

Mr. Ivers succeeds K. L. Simons as manager of the New Braunfels Division of the United Gas System. Mr. Simons has been transferred to Houston by the United Gas System and will assume important work with the Houston Gas and Fuel Company.

BIGGER AND BETTER

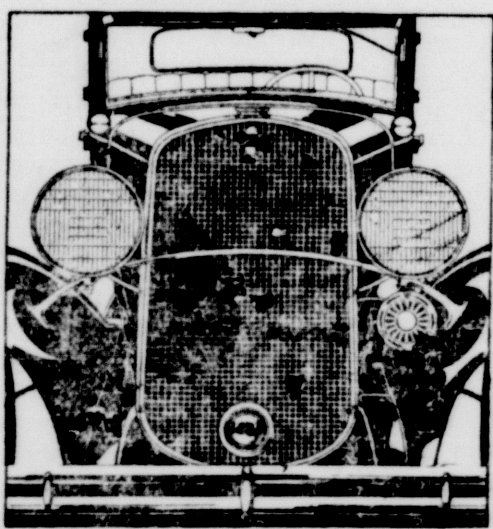

THE NEW CHEVROLET SIX

Strikingly beautiful, fleet and smart —a masterpiece of Fisher styling

In the entire field of modern coachcraft no symbol has come to mean more to the buyer of a motor car than *Body by Fisher*. And never has Fisher's superiority been more strikingly exemplified than in the beautiful new bodies of the Bigger and Better Chevrolet Six!

Working with the added advantage of a lengthened wheelbase, Fisher designers have been able to achieve in the new Chevrolet a degree of smartness, comfort and impressiveness hitherto considered exclusive to cars far higher in price.

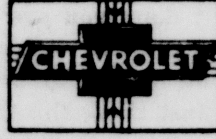

Inside and out, scores of refinements stamp this car as a masterpiece of modern coachwork. Radiator, headlamps and tie-bar are artistically grouped to create an unusually attractive ensemble. Mouldings sweep back in a graceful, unbroken line to blend with the smart new body contours. And new colors lend

Front view of the new Chevrolet Sport Coupe

a new individuality. Interiors, too, are exceptional in every way. The new mohair and broadcloth upholstery is tailored with exceptional smartness. Seats are wider and deeper and more luxuriously cushioned. A deeper windshield and wider windows give better vision for both driver and passengers. And beautiful new hardware, of modern design, lends a final note of charm.

Many mechanical improvements have also been provided in the chassis of this Bigger and Better Six. Among these are a stronger frame; easier steering; a more durable clutch; a smoother transmission; and engine refinements which make the new Chevrolet a car you will be happy to drive—as well as proud to own.

The Bigger and Better Chevrolet Six is now on display in our showrooms. See it. Drive it! Learn for yourself that it is the *Great American Value!*

County Judge R. J. Noonan has appointed Mrs. A. H. Tondre to fill out the unexpired term of her late husband, Commissioner Tondre. At the same time he called a special election for December 30th to select a successor to him for the term beginning January 1, 1930. We understand a number of candidates are in the race for the office, and elsewhere in this paper you will find an announcement for the office by Herman J. Bippert, a well-known and popular citizen of that precinct.

Mrs. O. H. Miller and son, Bru, were visitors in San Antonio Saturday. Bru attended the cotillion sponsored by the Sophomore class of O. L. L. College, Saturday night, in the college ball-room, as the escort of his sister, Miss Helen Ann Miller. Miss Miller and Miss Adele Decker both of Hondo, were members of the receiving line at the dance.

MRS. J. T. SMITH

After a year of semi-invalidism, following the death in an accident of her daughter, Miss Amanda, Mrs. J. T. Smith quietly passed away at her home in Hondo, Saturday, November 22, 1930.

The deceased was born in Georgia on April 7, 1859, and at the time of her death was 71 years, 7 months and 14 days old. Her maiden name was Leola Griffith and after her marriage to Mr. Smith 57 years ago at Smithville, Texas made her home in Medina County for about forty years. She was the mother of ten children, five of whom preceded her in death. Those living are Mrs. Stanley Crabtree of Tipton, California, Miss Wilford Trumbo of San Antonio, Misses Alice and Nanna Smith, and Mr. Jerry Smith of Hondo.

Her mortal remains were laid to rest, Sunday evening in Ingleside Cemetery, under the auspices of the Church of Christ, of which she was a life-long member. Rev. Slater of Sabinal performing the last sad rites. A beloved mother, a loving wife, and a faithful Christian has gone to her last reward. May she rest in peace.

Her many friends extend their deepest sympathy to her grief-stricken husband and bereaved children.

DIED.

Mrs. Florian Bendele, nee Mary Ann Lamon, calmly departed from this life early Friday morning, November 28, 1930, at her home in Hondo after long months of painful suffering. The venerable lady was born at Castrovilla, Texas, July 17, 1842, and at the time of death had attained the great age of 78 years, 4 months and 10 days. She is survived by her husband, Mr. Florian Bendele, and three children, Mr. Joe Wernette, Mrs. Jack Bilhartz and Mr. Edmund Bendele.

Interment will be made in the Catholic Cemetery Saturday morning at 9:30 A. M. under the auspices of the St. John's Catholic Church, Rev. Father T. J. Flynn to officiate at the church and grave. A pioneering spirit has been called to reap its last reward. The grief-stricken family has the heartfelt sympathy of their many friends.

CARD OF THANKS.

I wish to hereby express my sin-
cere thanks and appreciation to the
voters of Medina County, and espe-
cially to my friends, who gave me their
vote and support in the recent gen-
eral election.

The race was a close one, for less
than two votes switched from my
leading opponent to myself in each
box would have elected me. This fact
coupled with the further fact that a
light vote was polled in precincts
where I had large majorities has con-
vinced me that in two years hence, at
the next general election at which I
will again be a candidate for the same
office, we will come out victor-
ious.

Again thanking everyone for their
kindness and consideration, and
hoping that you may favor me with
your support and vote at the next
general election for the office of
Assessor, I am,

Very truly yours,
FRANK M. FINGER

CARD OF THANKS.

I hereby wish to thank my many
friends throughout the county for
their votes and support in the recent
election. In particular, I want to
convey to the people of Medina Coun-
ty my sincere appreciation for their
continued friendship, confidence and
support during the past years. My
defeat by one vote due to the over-
confidence of my good friends is but
an illustration of the uncertainty of
the political game. However, I want
the good people of this county to
know that although I will be without
public office after the 1st day of
January, 1930, my services will al-
ways be at their command, and that
it will always be a pleasure to me to
serve them whenever possible.

Again thanking all for many past
kindnesses, I am,

Very sincerely yours,
J. J. DROITCOURT.

CARD OF THANKS.

I hereby sincerely thank the peo-
ple of Medina County for their sup-
port and confidence in re-electing me
as County Judge. I shall continue to
discharge the duties of the office to
the very best of my ability.

Again thanking you, I am,
Yours to serve,
R. J. NOONAN.

VAGABOND CLUB.

The members of the Vagabond
Club and a few guests were
delightfully entertained Saturday
night, November 22, at the home of
Eleanor Heyen when Misses Mayme
Earnest, Lillian Schroeder and Elea-
nor Heyen were hostesses. The living
room and dining room were attrac-
tively arranged with roses.

Prior to the bridge games a savory
supper, consisting of roasted turkey
and dressing, creamed peas, cran-
berry jelly, fruit salad, creamed
potatoes, orange ice and iced tea, was
served. Plate favors were rose buds.
Later in the evening punch and fruit
cake were served the players by the
hostesses.

High club prize, a box of station-
ery, was awarded Miss Mary Ruth
Cameron and high guest prize, a per-
fume atomizer, went to Miss Dwyce
Cameron. Miss Dorothy Ann Eck-
hart won a novelty tooth brush hold-
er in the cut for consolation.

The following partook of the
charming hospitality of the young
ladies: Misses Ellen Tweedy, Lela
Hazel Boyd, Dwyce Cameron, Mary
Ruth Cameron, Lucille Van Fleet,
Hedwig Nester, Frances Finger,
Naomi Shoor, Ruby Neuman, Lucy
Davis, Evelyn Kimmey, Thelma Wil-
son, Elizabeth Holloway, Gladys Fay-
selman, Dorothy Ann Eckhart and
Bernice Mofield.

A CORRECTION.

Castroville, Texas,
November 23, 1930.

Hondo Anvil Herald,
Hondo, Texas,
Dear Editor:

In your article in the Herald in
regards to the sad accident of A. H.
Tondre's death, you reported that
Mr. Hoog had to leave Mr. Tondre
alone in the pasture. This statement
is erroneous and I want you to cor-
rect same in your next edition.

Mr. Tondre was never left alone
for one second after he had been
found, as I was with Mr. Hoog and I
myself went for help and not Mr.
Hoog. The other hunters also arrived
at the scene shortly after the ac-
cident and Mr. Hoog was alone with
Mr. Tondre only for a few moments.

Yours truly,
JOS. L. TONDRE,
P. O. Box 36,
Castroville, Texas.

Reports of the accident were con-
flicting at the time we went to press,
and, not being able to reach any of
the parties who were on the scene at
the time, our report was necessarily
based on hearsay several times re-
peated and it was to be expected that
some errors would be made.

We are glad to make this correc-
tion.

Mr. Subscriber, I want to tell
you of The Houston Chronicle's
Christmas Offer Subscription
Rate, which is now in effect. I
am authorized to take your sub-
scription for this \$9.00 Daily
and Sunday newspaper for only
\$5.95, which is a saving to you
of \$3.05 on a year's subscription.
The Daily only is \$4.50 for one
year—regular price, \$6.00. This
is the lowest rate for a year's
subscription to any newspaper in
the Chronicle's class that I know
of. Don't delay—mail your
check to me or hand me your
subscription when you see me. I
will send it in for you—will
guarantee correct dating, see
that you get prompt service and
incidentally make a bit of com-
mission; the cost is no more to
you. The Chronicle pays me my
bit, and it is sufficient to enable
me to send you FARMING, my
monthly rural home journal, one
year at no additional cost to
you. The Chronicle is a wonder-
ful newspaper. It has the largest
circulation of any newspaper
published in South or West Tex-
as, the second largest in the
entire state. Don't miss taking
the Big Sunday Issue. It alone
is worth the entire cost. Your
order I will appreciate.

MR. AND MRS. KOLLMAN ENTER- TAIN.

Mr. and Mrs. Robert Kollman en-
tertained the Elite Bridge Club and a
number of guests with a delightful
bridge party at their home Saturday
evening at seven o'clock. Their home
was beautifully decorated with white
chrysanthemums and the Thangsig-
ving motif was featured in the "tur-
key" tallies.

Preceding the games a sumptuous
supper, consisting of creamed chicken
in timbal cases, cranberry sauce, hot
battered rolls, fruit cake and coffee
were served by the hostess.

High club prize was won by Mr.
and Mrs. M. I. Broxton and high
guest prize went to Mr. and Mrs. Al-
fred Schweers.

The guests enjoying the hospitality
were Mr. and Mrs. Garland Martin,
Mr. and Mrs. Earl Starnes, Mr. and
Mrs. Alfred Schweers, Mr. and Mrs.
L. E. Kollman, Mr. and Mrs. George
Windrow, Misses Lillian Brucks and
Elta Leinweber. Members of the club
present were Mr. and Mrs. Henry

that the total will be 15 when
added in every direction—up and
down, crossways and diagonally.
No number can be used more
than once.

In starting off this big Campaign, I am offering a thousand dollar
First Prize. In this offer there will be one hundred Big Cash Prizes in
all, and in case of ties duplicate prizes will be paid.

WIN \$1,000

Solve the Figure Puzzle above. Don't give up so easily. First try and find it
a little hard. It looks easy, doesn't it? But just try it yourself. It takes real
cleverness to do it correctly. Send only one answer—but be PROMPT! Mail your
possible solution TODAY. If your answer is correct it will qualify you for the
Big Opportunity we are making.

FORD SEDAN—Extra for Promptness
Therefore, if you are prompt, and win First Prize, you will get BOTH the
\$1,000 and the Ford Sedan. But don't delay. Qualify at once for this big op-

HONDO, TEXAS, NOV. 28, 1930

TEXAS AND TEXANS.

By
Will H. Mayes
"All Texans for All Texas"

Electrifying Texas Farms

There are now 8,250 Texas farms using electricity in some phase of farm work. This does not include suburban farms electrically lighted, but only such as use electricity as power in farm operations, or else for lighting barns, chicken houses, dairies, etc. That those using electricity are pleased with it is shown in the fact that those who give it a fair trial continue its use. Farmers are usually slow to adopt new methods until they are reasonably certain that they will prove of advantage. The rapid increase of electric power plants will doubtless soon result in a like increase in farm use of electric power.

Moving The Turkeys

The Thanksgiving turkey harvest has brought thousands of dollars to those communities that have had the enterprise to grow the turkeys. Despite the fact that early efforts were made to "fix" prices at very low levels, the growers have been received from 15 to 16 cents a pound, which is only a few cents lower than the prices of last season. The increased production this year is resulting in larger gross returns, and the growers seem to be happy.

At all turkey storage and shipping points the Thanksgiving turkey trade has given employment to several hundred pickers and has been a big factor in relieving the unemployment situation.

More Road Money

As an aid to employment the Federal Government has made available at once the highway building allotments for the year 1931 to such States as are ready and able to match Federal allotments. Texas share will be \$10,488,476, and this State will be ready to match it, and can do so to advantage, as its building plans are already made for some time to come.

Governor Moody has made announcement that he will request the Highway Department to specify use of local labor as far as possible in making road contracts, and to use man power where it can be done. Huge machines used in excavating and road work have displaced much man power.

Make It General

Audit of the State Confederate Home has disclosed alleged extravagance and irregularities and has caused several officials of the institution to tender their resignation. The irregularities charged were poor business methods in handling warrant and affidavits and in accounting for inmates' funds. Extravagance consisted in employing more help than needed, some of the employees working in the superintendent's quarters without authority of law; failure to keep adequate check on supplies used; using State supplies for personal and family use; serving meals at State expense to those not entitled to them; using State-owned automobiles for other than State business; wrongfully securing railroad passes. It is possible that some of the similar conditions might be found in other State departments and institutions, at least there have been whispers of the kind. Some officials do grow careless in handling State business.

Promises Business Administration

Which reminds that Governor-elect Sterling is repeating the fact that his administration is to be conducted like a big business with every attention to efficiency and economy. If so, there will soon be some changes in many public places. So much politics has crept into State affairs, so much petty trading in public positions that the cost of government has grown out of all proportion to the services rendered the State. The opportunities confronting Governor Sterling are great, but great efforts are going to be required to use them to public advantage.

Use University Lawyers

Representative Bob Lang, who is on a committee that has been investigating University affairs, says the University needs an attorney to devote all his time to its law business. Even then it would be a big job for one man. The University has a law faculty, composed of men who teach others how to become lawyers—all able men, no doubt. Why not give this group the extracurricular duty of serving as a law cabinet for the University? They are hardly too busy to take on this extra work, and it should make them better law teachers to closely contact big modern law problems.

Plenty of Money

An Arlington bank must have plenty of money, for it is refusing to accept deposits and is asking depositors to withdraw their accounts. The reason given is that the clerical expense is too great and that the bank has plenty of money of its own to lend, so why bother with lending the money of depositors? Who said "Hard Times" around Arlington?

May Spend Its Money

Having exhausted its budget for

extra shop work for this year, the City Railroad, some time ago discharged about 1,000 shop men. The Interstate Commerce Commission has given the road permission to restate the men for the rest of the year and charge the expense to next year's revenues, as an unemployed relief measure. Texas shops, which this affects are at Denison and Waco.

Destroying Cactus

Complaints are made that truckers in large numbers are infesting the Big Bend section of Texas and ruthlessly denuding the territory of cactus, being especially eager to get the rare species. Most of this is shipped out of the State, and if it is continued the beautiful flowering plants will soon become as extinct as the buffalo.

Recently truckers were selling the cacti in large lots in Austin, said to have come from Gonzales county. Doubtless the same destruction is being done in other sections where the plants thrive.

Brazos River Conservation

Sixty counties along the Brazos river are actively planning to secure aid from the State and Federal governments in advancing conservation and reclamation work in the entire district. An organization has been formed to promote this enterprise and to acquaint the public, and especially the people of the district, with the necessity for and advantages of this development.

For State Road Bonds

A meeting of members of associations backing what the speakers called "three of the most important trade arteries in the Nation," resolved itself into a legislative committee to meet at Austin, January 1, and present to the legislature reasons for a State highway bond issue. Those who have thought the Sterling \$350,000,000 State bond issue dead or sleeping have another guess coming.

Keeping Things Going

Wichita Falls tells the world that it isn't going to listen to any "hard times" talk, but has started a campaign to have its citizens spend immediately \$1,000,000 in repairing and remodeling homes and business property, paying accounts and buying things needed in the homes, and that in a few weeks work will start on a building campaign that will require another \$1,000,000. All of which means good times for Wichita Falls.

It is not necessary, though to get into the million dollar class to keep labor busy. In many Texas towns the civic organizations are making systematic efforts to get every family that is able to give work for at least one day in each week to some person who has been unemployed and who is recommended for the work. That is another good idea.

Entirely Too Big

The Mission Enterprise simply does things on too big a scale. Its pages are too large to be held in one's outstretched hands, and there isn't always some one around to help hold it. In an annual edition recently issued there were 42 of these pages, and as yet this writer has had so much to do he hasn't had time to read them.

Chickens and Paint

On a recent trip almost half across Texas this writer noticed that at every well-painted house there was a flock of fine chickens and that at but few of the dilapidated, unpainted houses was there any poultry at all. This was so noticeable that the conclusion was drawn that the poultry earned the money for the paint.

KONJOLA TRULY WONDERFUL SAYS THIS HAPPY MAN

Dallas Man Suffering With Kidney Ailment Finds First Relief In New Medicine

MR. W. E. ROWLEY

"For over a year and a half I suffered with rheumatism and kidney trouble," said Mr. W. E. Rowley, 216 Bryan Street, Dallas. "I had dull aching pains across my back and was forced to rise frequently at night. A constant pain in my right leg caused me much misery and I limped in getting around. Pains in my back and side did not permit a good night's rest. I felt dull and listless and my vitality became lower and lower."

"A friend, who knew my condition, told me about Konjola. Konjola did so much for me that I am at a loss to express my appreciation. The rheumatic pains in my leg have left me for the first time in a year. My kidneys are once more again functioning properly. My sleep is no longer broken by pains in my side and back. I have only taken two bottles but I certainly shall continue the treatment."

It is recommended that Konjola be taken over a six to eight week period. Best results are usually obtained in such cases. Konjola is sold in Hondo, Texas at Windrow's Drug Store, and by all the best druggists in all towns throughout this entire section.

BASKETBALL PROSPECTS.

from The Owl. As "old man Football" fades out the picture a new interest takes place. Basketball will be on in a short while. The Owl will swing in a short while. The prospects are much brighter this year than last, notwithstanding the loss of some excellent material. Jones, Wright and Pettis will be missing from the line-up, but there is a host of candidates to attempt to fill their shoes.

Last year the team started with no regulars and only two substitutes from the previous season. This year there will be six lettermen to start with. B. C. Rucker, Jack Droicourt, W. Wilson, E. Taylor, A. Finger and Edward Stanley. From the ninth grade of last season Parsons, F. Rucker, Ulbrich and Stiegler will be making the lettermen fight for a place on the team, though "old man" "eligibility" threatens to thin their ranks. Bailey and Mask along with Rucker of the Baptist Badgers are coming out. Leinweber and Reynolds are two more new candidates and Windrow will give someone a run for their money if his injury allows him to play. Windrow is a classy forward and was a prime factor in the defeat of Uvalde last season. There are several more who will be out that have not yet turned in their names.

With this line-up of material numerous combinations could be made that should give anybody's opposition plenty of trouble. Suppose Rucker plays center, Windrow and Wilson or Stanley forwards, with Taylor and Finger guards. That Wilson-Finger-Stanley combination was pretty good last year and with the addition of Windrow should give an opposing team a fit. Or suppose we put B. C. Rucker at center, Droicourt and Bailey or Mask at guard with Parsons and Stiegler or Ulbrich forward. Or exchange forwards on each squad, tall guards and fast forwards, etc.

There will be some classy opposition in the district this year, though not as strong as the past season. At present Yancey looks to be the class of the district with Hondo, Del Rio and Brackettville well in the running. Word comes out of the hills that Camp Wood has a bad team this season.

At any rate, no team has any better material than the Owls. Success is going to depend on how well they make coaching and above all, condition.

Hondo has the largest and best lighted court in the district and can practice regardless of weather. The district basketball meet will be held at Hondo again this year, and it is expected that a good many teams will be here to play on the court during the season in preparation for the final playoff.

HIGH SCHOOL FLOAT.

from The Owl. The high school float at the recent Medina County Fair was a large moss covered Chinese boat. The long, silky grey moss furnished a lovely background for the numerous brightly colored sweet peas, which adorned the sides and the cabin of the boat. The queen and her two maids were dressed in satin handpainted pajamas of pastel shades. The driver wore a Chinese robe to carry out the Chinese motif.

The high school float was one of the most beautiful floats in the parade (even if we didn't get a blue ribbon).

SENIORS SEE HAMLET.

from The Owl. All Seniors who could find a way accompanied by Misses Tweedy, Boyd and Brucks went to San Antonio Wednesday evening to see one of Shakespeare's plays, "Hamlet," the play which the Seniors are studying in English. The play was very interesting although there were "too many dead people at the end." Miss Way of Jourdanon was also there and "met up" with "her class of last year."

Ben Greet and his players are making a farewell tour over the United States.

LUCKY ADAM.

Old Adam had it mighty soft. To please his wife, when hurt, he'd pluck a fig leaf, smile, and say "Here, Eve, another skirt." He had his CLUB; no nagging wife. Eve was a patient Jane. In fact, it's very true, she helped That lucky man raise Cain.

Notice is hereby given that I shall from this time onwards enforce the city ordinance against cows running at large and riding bicycles on the sidewalks.

VISITING DAY AT SECO SCHOOL

A number of patrons showed the usual interest in their school by observing Parents' Visiting Day in accordance with the National P. T. A. program for Education Week, when they gathered at Seco School last Friday afternoon.

The literary and art work of the pupils were exhibited, and the note books, primary circus sand-table, maps, posters, birdhouses, water color pictures and handpainted vases received the attention of the visitors.

The following classes were conducted: reading by the first and second grades, third grade arithmetic, fourth grade language, fifth grade spelling, seventh grade English, eighth grade Spanish, and ninth grade algebra. "Texas Our Texas," and "Dixie" were sung by the pupils.

HINAKA CLUB

On Friday evening of last week the members of the Hinaka Club met at the home of Miss Agnes Rothe for several hours of auction bridge. Miss Marie Koch held high score. Miss Lucine Finger held low, and Miss Cornelia Koch drew high in the cut. Each received an attractive prize. Miss Rothe served delicious sandwiches, salad, cake and hot chocolate to all the members. A short business session closed a pleasant evening.

BRIDGE CLUB

On Thursday of last week Miss

Grace Zinsmeyer charmingly entertained the members of the club and a number of guests. At the close of the games Mrs. A. M. Roth was awarded high score prize, Miss Ethel Rothe received the booby and Miss Tina Rothe cut high for consolation.

A delicious salad course was served to following guest: Mrs. Henry Muennink, Mrs. M. A. Zinsmeyer, Miss Marie Koch and Miss Ethel Rothe, and members: Mesdames M. J. Finger, John Zinsmeyer, John Rieber, Ferd Rock, Hy. Biry, Ed. Finger, A. M. Rath, Hy. Nehr and Joe Williams and Misses Cornelia Koch, Tina and Agnes Rothe. Misses Lorene Zinsmeyer and Elvera Biediger were also guests.

A MISCELLANEOUS SHOWER

On Tuesday afternoon a miscellaneous shower was given in honor of Miss Emelia Nester, a bride of next month.

The chair in which the bride was seated was decorated in yellow. Two little girls carried a basket decorated in yellow to the bride. The basket contained many beautiful and useful gifts.

A delicious lunch consisting of chicken salad, cookies and hot chocolate was served to all present.

The hostesses were: Mesdames Aug. Sathoff, I. F. Aten, Hy. Nehr, and Miss Lena Sathoff.

DRILL, DON'T BROADCAST OATS.

By L. A. Hawkins, Agricultural Extension Department International Harvester Company.

Too many acres of oats in the Corn Belt are sown broadcast. It is impossible to broadcast seed in such a way as to secure an even stand or to cover the seed a uniform depth. Just how much this affects the yield depends upon the season. If the weather conditions are favorable, broadcasted oats will yield about as much as drilled oats. If the weather conditions are unfavorable there is a difference of four or five bushels in favor of drilled oats. Sometimes this difference is as much as 10 bushels per acre.

Drilling is better than broadcasting because: the seed bed receives better preparation; seed is evenly distributed; it is planted at a uniform depth; it is placed down in moist soil and if the weather is dry when the oats are planted this makes a great difference in germination. Less seed is required; the crop ripens uniformly and the yield is greater.

Experimenters at the Iowa Experiment Station found a difference in yield of eight bushels per acre in favor of drilled oats; at the Illinois Experiment Station, a difference of five bushels per acre; and at the Ontario Experiment Station, a difference of four bushels per acre.

If there is abundant rain, especially after seeding, the difference is reduced. When oats are drilled the seeds are placed down in moist dirt, where they sprout well and the root system becomes firmly established. This well-established root system helps in case freezing weather comes after the oats are up.

Most people sow from two to three bushels of seed per acre. If seed is large it may be necessary to sow more than this.

A good yield is necessary to make the oat crop profitable and we should do all possible to give the crop a good start.

MAKING A START.

"Well begun is half done." There are people, young and old, who are very good beginners, but poor finishers; and they do not get very far. There are others who are poor starters, but who, through perseverance, make a fair finish. There is one thing certain, if no beginning at all is made there cannot possibly be any progress.

All beginning is difficult, says the motto. And just because it is difficult, many stop right there at the very commencement, despairing of overcoming the initial obstacles. They know that these obstacles can be overcome because they see others who have successfully surmounted them; but they themselves lack the strength of character to tackle them and subdue them. It is the same in every undertaking. The first steps are the most important. There must always be a start.

—Hamilton Spectator.

A THOUGHT FOR THE WEEK.

The sure characteristic of a sound and strong mind is to find in everything those certain bounds on either side of which there is an extreme. These boundaries are marked out by a very fine line and attention can discover. It is much too fine for vulgar eyes. In manners, this line is good breeding; beyond it is troublesome ceremony; short of it, is unbecoming negligence and inattention. In morals, it divides ostentatious puritanism from criminal relaxation; in religion, superstition from impiety; and in short, every virtue from its kindred vice or weakness. I think you have sense enough to discover the line; keep it always in your eye, and learn to walk upon it.

—From Lord Chesterfield's letter's to his son.

QUIHI NOTES

"Oh give thanks to the Lord, for He is good: for His mercy endureth forever." Psalm 197 1 & 2.

WEDDING BELLS

Wedding bells rang unexpectedly but cheerfully last Thursday afternoon at the nice farm home of Mr. and Mrs. Paul Oeffinger, of the Sturm Hill community, when their daughter, Miss Bertha Oeffinger, entered into the bonds of holy wedlock with Mr. Earnest O. Thomas of San Antonio. Quite a number of near relatives and friends were present to witness the solemn double ring rite, which was had in the home parlor. Rev. C. P. Hasskarl of the Quihi Lutheran Church officiating. Following the marriage ceremony the bridal pair and all present sat down to a sumptuous wedding dinner which was greatly enjoyed by all present. Mr. Thomas, the groom, was heretofore engaged in business in San Antonio. He comes to the Sturm Hill community with an excellent reputation and doubtless will prove himself to be a valuable social asset to the community. Miss Bertha, the bride, is widely and favorably known in and about her home community and enjoys the love and esteem of all who know her, because of her kind and generous disposition and her sterling personal worth. She has always been excellent and active worker in the Quihi Lutheran Church, church choir and Luther League. Mr. and Mrs. Thomas will make their home with Mr. and Mrs. Paul Oeffinger. We join all who wish them Godspeed, and years of joy and happiness on their mutual way through life.

FROM SLEEPING PORCH TO SUN PARLOR.

By Mary Louise Frazier.

The new home into which we recently moved had a sleeping porch on the west side of the house, that we would have no use for as it was.

I was struck with the idea of transforming it into a much-longed-for sun parlor.

An investigation of the storage room revealed an unpainted wicker stand and rocker, an old lounge that had been discarded for lack of use and a flower stand. These articles were far from being attractive, but with a little paint and ingenuity they appeared to be new.

In place of the old screens a glass substitute was used.

The color scheme chosen for the sun parlor was pea green and gold. The floor was painted a lead gray, the walls pea green and the ceiling a lighter gray than the floor.

The wicker stand, the rocker and the flower stand were enameled pea green, the edges and feet banded with gold enamel. The feet of the lounge were also enameled gold.

Among the contents of the rag bag I found a large light colored curtain which I dyed a medium shade of gray. Some white fringe about five inches in width, which was also found in the rag bag was dyed a pea green. This made a splendid border for the curtain which now became an up-to-date cover for the lounge.

At the second hand shop I purchased another chair, and was fortunate in obtaining a wicker tea wagon. Both of these were also enameled pea green and gold, then took their place in the sun parlor.

The aforementioned flower stand furnished an ideal place to set the fish bowl.

Two braided rugs of harmonizing colors took their respective places on the floor and the old sleeping porch now rightfully bears the name of sun parlor, although the expense of the transformation was trifling.

GENIUS.

Is only the power of making continuous efforts. The line between failure and success is so fine that we scarcely know when we pass it, so fine that we are often on the line and do not know it.

How many a man has thrown up this hands at a time when a little more effort, a little more persistence, would have achieved success. As the tide goes clear out, so it comes clear in.

In business, sometimes, prospects may seem darkest when really they are on the turn. A little more persistence, a little more effort, and what seemed hopeless failure may turn to glorious success.

There is no failure except in longer trying. There is no defeat except from within, no really insurmountable barrier save our own inherent weakness of purpose.

—Elbert Hubbard.
